November 18, 2013 -

Terranea Resort, Los Angeles' premier oceanfront resort, is now offering a line-up of special themed drive itineraries for guests to experience, along with the use of one of Lexus' latest vehicles.

The new Terranea Drive Series is available for a limited time and is offered complimentary to guests staying in one of Terranea's luxurious Shearwater Suites.

The series presents guests with a variety of experiential GPS-led driving tours covering themes such as adventure and romance. Itineraries engage travelers to explore more of Terranea's natural coastal setting; ideal for scenic drives, picturesque roadside stops and ocean-side adventures; and provide the opportunity for guests to enjoy and experience the latest fleet of cars by luxury auto brand Lexus - the resort's preferred vehicle.

The Terranea Drive Series experiences and use of a Lexus vehicle are provided complimentary to all guests booking a stay in one of Terranea's two luxurious 1,800 sq. ft. Shearwater Suites. In addition to the expansive ocean-side accommodations, guests have unlimited access to a Lexus vehicle and can enjoy one of three special drive packages including the Retail Retreat; Romantic Rendezvous and Adventure Escape. Each drive package includes a themed road trip itinerary with recommended sites and attractions for guests to experience, snacks and refreshments for the road, along with special themed amenities and gifts to match each itinerary. Rates for stays in the Shearwater Suites start at \$2,445 a night. Guests must use promo code: LEXUSSUITE when booking.

The Terranea Drive Series includes:
