# HOSPITALITY WITH HORSEPOWER

*Hotels offer guests luxury cars to rev up their stays*

When you next check into a hotel, the room key might come with an ignition key. Luxury driving experiences are the latest amenity on offer from a number of five-star properties, letting travelers take their ritzy experience onto the road. Whether to cruise city streets or absorb the great outdoors, to test drive the latest Lexus or Ferrari, here are a few four-wheel outings now available. —ALEX PALMER

## LEXUS AT TERRANEA RESORT

This SoCal property provides guests in its Shearwater Suites unlimited access to Lexus' newest vehicles, including the 2014 ISF Sport (pictured). Those who sign up can take themed, GPS-led road trips, such as The Retail Retreat, The Romantic Rendezvous or The Adventure Escape, with suggested stops and gifts included.

## PORSCHE AT RANCHO VALENCIA RESORT & SPA

Also located in Southern California (the weather is perfect for joy rides), this resort lets guests drive a Porsche through its 45-acre estate and neighboring wine country. Three models—a 911 Carrera convertible, Panamera Hybrid (pictured) and Cayenne GTS SUV—are available on a first-come, first-served basis.

## FERRARI AT THE GRAND HOTEL MAJESTIC "GIÀ BAGLIONI"

This Bologna luxury property celebrates Italian car-making by offering a themed package capped off with a half-hour Ferrari California convertible (pictured) test drive. For an extra charge, a spin in the Ferrari Berlinetta or Ferrari 458 Italia also is available, as well as a visit to the Ferrari Museum in nearby Modena.

## AUDI AT THE LITTLE NELL

Outdoorsy types can cruise through Aspen in a 2013 Audi A8 or a 2013 Audi Q7 TDI (pictured) when visiting this luxury Colorado ski lodge. Just make a car reservation at the concierge and pick up keys at the front drive to explore the town or, during warmer months, the natural beauty of Independence Pass.

→ **BOARDING PASS** *United teamed up with Mercedes-Benz USA to provide innovative new benefits exclusively to United's most frequent flyers seeking a luxury driving experience. Visit [united.com/Mercedes](http://united.com/Mercedes) to take advantage of these offers.*
