# WELCOME TO THE 2011 DAILY NEWS READERS CHOICE AWARDS

*Ladies And Gentlemen, The Results Are In . . .*

*Back by popular demand for the 12th straight year, the Daily News proudly presents the results of our annual Readers Choice Awards. Included on this coveted and highly-anticipated list are the names and brief descriptions of a wide variety of people, places and things which our readers have chosen as the best of the best in 2011.*

*As in the past, votes were tallied from ballots which ran both in our newspaper and online from June through mid July. Once again, we received an overwhelming response from both readers and advertisers, leading to our best issue yet. As you read through it, you'll notice many of our past winners and favorites have been recognized again, along with a variety of newcomers we know you'll be glad to discover.*

*In today's economy, our readers like to know where they can turn for reliable products and fast, friendly service, and this colorful edition serves as a handy guide. From individuals and small neighborhood establishments to national corporate chains... all are well represented in this valuable community reference, giving participants a chance to not only display their advertising, but to tell you a little about their business in their own words.*

*Please join us in congratulating all of this year's well-deserved honorees. And our special thanks to all who participated!*

## 2011 READERS CHOICE STAFF
