## SPA TREATMENT ROOMS AND SIGNATURE VIP TREATMENT SUITES

Indulge in an array of spa treatments for body and face: some traditional, and others inspired by Terranea Resort's unique coastal locale. Spa rituals unfold in 25 graciously appointed and generously sized treatment rooms including three (3) luxurious and distinct VIP Signature Treatment Suites, designed around unique treatment therapies found nowhere else!

OCEAN SUITE - "Ocean Prelude": Utilizing the power of the ocean, this treatment begins with a seaweed wrap and salt-water bath, followed by a rhythmic massage with laminaria oils derived from the ocean to mimic the relaxing melody of the Pacific, ending with an invigorating scrub. The Ocean Suite features a freestanding copper tub overlooking the Pacific Ocean, a Swiss shower and treatment table for one.

EARTH SUITE - "Inside Out": Accelerating cleansing and detoxification, this ritual uses a heated body wrap, cooling ice friction scrub and Swiss shower to promote deep cleansing. A sea clay application and cold water revitalization are the finishing touch. The Earth Suite includes an infrared sauna, a Swiss shower, and two treatment tables to accommodate either single or couples services.

FIRE SUITE - "Flickering Embers": This deeply relaxing experience mimics the embers of fire and smoke of incense. Begin with a rich, volcanic ash body wrap followed by a neutral bath and Hara balancing massage. Deep relaxation is inspired by warm, marine poultices (pillows) placed on the back, knees and neck. The Fire Suite features an oversized copper tub situated next to a glowing, built-in fireplace. Two treatment tables accommodate both single or couples services.
